

Dear Customer,

Unfortunately the markets are going through a moment of great uncertainty regarding the availability of raw materials. This leads to extended delivery times and to continuous increases in the purchase costs that we have to bear. Therefore, we are forced to apply some changes and increases to our price list NR.15.

Against our will, from the 1th of June 2021, the price list will experience an increase as following:

- 5% on our Box Modulare and Box Tunnel, also in their ECO version;
- 3% on all other structures: Kit Box, Dual Box, Caravan Box, Maxi Box, Box Zoppo, Stadio Box, Kit Box Serra, Coprivasca, Copripiscina, Parete Mobile, Motobox in the Tunnel and Snail version, Centina Scorrevole Mod A and Stripes door.

Moreover:

- The Kit Box Tunnel in the ECO Version will be NO more available;
- The Cargo Box will be available only ON REQUEST.

We trust in your comprehension and stay at your disposal for further information,

Best Regards,

**THE INTENDA TEAM**
